SUBJECT: Update of SECOM Harassments and Provocations Study (Your Memo, SECOM-D-176, 25 Jun 85)

TO: Chairman
DCI SECOM

1. We do not believe subject study contains classified information. Recommend you publish it bearing the FOR OFFICIAL USE ONLY caveat.

2. The Air Force has nothing of significance to add, except to note that citizens of bloc countries continue to approach Air Force travellers soliciting illegal currency exchange and purchase of personal items such as clothing, watches, cameras, etc.
